

Recently, in some of our Human Services Supervisor (HSS) work locations, posters (one featured above) were posted that made disparaging inferences to HSS supervisors. The Union got in touch with Labor Relations and began talking about our concerns. On October 17, members of Labor Relations met with a small group of HSS employees. Labor Relations shared their understanding of the development and then listened to our concerns. LR is presently working within the County to respond to our HSS folks with a comprehensive-style communication of support for our HSS folks.

HCSA has been engaged with the County to find ways to support our HSS supervisors.

HCSA does not want to discourage anyone from filing a Policy Violation Complaint Form if one feels it necessary.

Human Services Supervisors - Please save a date 01/30 Downtown location, 02/06 South Service Center, or 02/13 NW Service Center, 3:30 to 5:00. Room and meeting details forthcoming. These meetings will include discussion regarding the posters and other issues/concerns to the job class.
